MyChoir

**Do you want to start a community choir?
Or re-energise an existing choir?**

You are warmly invited to be part of Creativity Australia’s *With One Voice* network. Depending on your needs, we can offer **quick tips** for success, a suite of **resources** and/or ongoing **consultation**.

A choir is an amazing way to **empower individuals** and **build supportive communities**. With a good toolkit, you can help **change the world... one voice at a time**. (Plus, it’s just great fun!)

Mission: Creativity Australia is building a happier, healthier, more inclusive nation.

Did you know **neuroscience** proves singing makes us happier, healthier, smarter and more creative?

Creativity Australia’s *With One Voice* program uses group singing to build **bridges of understanding** between diverse people and help people in need connect to **brighter futures**.

Through the **Wish List**, participants express **gratitude**, ask for what they need in life and grant wishes for others, such as free music lessons, language tuition and jobs.

“Suddenly backgrounds, occupation, race, religion and disability disappear and instead there are only voices, song, smiles and happiness...” Elizabeth
