

Educator Toolkit

- 1 Learn the WSD Theme Song**
- 2 Sing together on Saturday, 19 October**
- 3 Share your song with the world
(#worldsingingday2019) and submit your
video to music@worldsingingday.org**

Founded in 2012 by Colorado musician Scott Johnson, **World Singing Day** brings people together in their communities all around the world through the simple act of singing together, and provides an opportunity to celebrate our global family through the international language of music.

A note from the founder of World Singing Day

This year's 8th annual World Singing Day(WSD) global sing-along will be another wonderful opportunity for people of all ages and backgrounds to sing together, have fun and celebrate our common humanity. Sharing the mission of WSD gives you the opportunity to be a catalyst for positive human connection. So whether you sing our theme song with your students or choir members, or you decide to host a simple Community Sing-along or a bigger City Sing-along in your community, you'll be inspiring people to experience the joy of music and the transformative act of singing together.

Our goal is to hear people singing together in at least 30 different countries around the world on Saturday, 19 October 2019. Sign up to sing on Facebook to tell the world you're singing along.

Here's to singing together and uniting the world.

Scott Johnson, Boulder, Colorado USA

A note from this year's Global Host Coordinators

We're glad this free resource has found its way into your hands. All three of us are educators and we love the thought of our colleagues in the field sharing the mission of World Singing Day all over the world.

As you navigate through the resources on our webpage and the quick links in this packet, we hope you'll take time to watch a few of the inspirational videos. And if you are thinking about hosting a sing-along, take a look at our host toolkit as well.

We love hearing people's ideas about bringing World Singing Day to life in their classroom or community so if you'd like to speak with one of us in person, fill out the WSD Interest Form found in the quick links section below and we'll set up a time to meet with you. (WhatsApp, Skype, FaceTime, etc.)

Thank you for what you're doing to bring people closer together through the joy of music.

Heather Stenner, Boulder, Colorado (United States)

Sue Ross, Perth, WA (Australia)

Shareen Yong Yong, Kuala Lumpur, Selangor (Malaysia)
