

## Good Night Mom Good Night Dad

Good night Mom, Good night Dad  
Thanks for taking care of me  
I see how hard you work to be  
The parents that you are

Good night Mom, Good night Dad  
It's time for you to rest a while  
As you fall asleep I smile  
With a glowing in my heart

Good night Mom, Good night Dad  
May your dreams take you away  
To some warm, enchanted place  
Where angels sing to you

Good night Mom, Good night Dad  
Before I go to sleep tonight  
I want to say one thing just right  
I love you too
